

As seen in the October 2002 issue of PC Photo

◀ DIGITAL PHOTO VIEWER

Leave your laptop at home and download your images from your digital camera to the Delkin eFilm PicturePAD. Available in either 20 or 30 GB capacities, the unit allows you to copy images directly from your media card and immediately view photos on a bright, 1.8-inch backlit LCD. You can review images on a television, connect to your computer via a USB connection and, using the appropriate accessory, connect directly to your printer. List Price: \$549 (20 GB model). Contact: Delkin, (800) 637-8087, www.delkin.com.
